Thanks! I do see some R1: items on the table, so it did work. I'll try to figure out what's up with the cutting/pasting issue, but thanks for the input either way. I'll let you know if I need anything else as we start to pull together the presentation.

Subject: RE: Air Toxics NEI Update

Sara,

Good afternoon. I am having trouble cutting and pasting to the SharePoint files (they don't seem to accept the paste). So, I am attaching the Outline document with the R1 suggestion/inputs. Hopefully my adds to the table file worked but if you don't see anything indicating "R1:_" please let me know.

Also, Susan Lancey and I coordinated on the compliance assistance - see the item regarding the SSI operator training that someone from their office will be attending.

Let me know if anything else would be helpful.

Steve

Subject: Air Toxics NEI Update

Here is a brief summary of what was discussed on the call and the link to the two OneDrive files. As discussed, we would like each region to provide input in the two files by COB **March 6, 2018**. I will be scheduling a follow-up call on March 8th to discuss the regional submissions and what will be presented to the Executive Board on March 14th. Please let me know if you have any questions or need more information. Thanks.

Notes from 2/27/2018 call:

Non-Responsive

- Discussion of challenges associated with the rescinding of the Once-In-Always-In memo, R1 and R3 noted receiving questions from their states about how the policy change is supposed to work, looking for clarity on permit changes. R1 also noted that with minor source permits possibly falling out of the state CMS, that the region may want to create their own list of those facilities for targeting purposes.

Non-Responsive

- Regions committed to providing data and answers to outline question by Tuesday March 6th, if any additional folks should be copied on the request, folks will provide those names to Sara Ayres as needed.
- We will reconvene as many folks as possible on Thursday March 8th to discuss the info provided and the presentation to the Exec Board.
